SUVENYRŲ FORMOS

Suvenyrus galima rinktis iš įvairių dydžių ir formų. Naudojant įvairias technologijas, galima kurti individualias formas bei jas jungti.

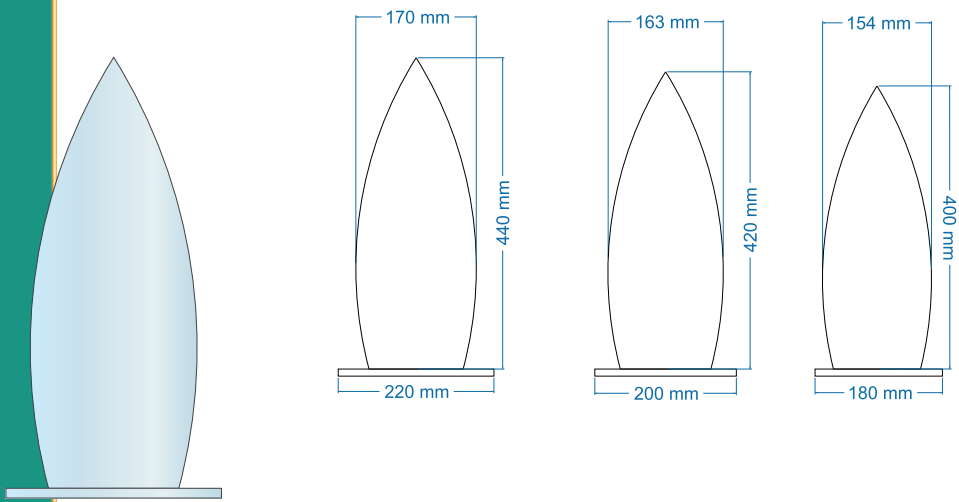

Norint, kad suvenyrai būtų pagaminti nestandartinės formos, reikėtų apie tai pagalvoti iš anksto, nes stiklo pagaminimas užtrunka ilgiau. Tačiau mes visada greitai pritaikysime Jums mūsų siūlomas standartinės formas

MEDALIAI

Medalius galima rinktis iš standartinių mūsų siūlomų formų arba užsisakyti individualią formą, kurią mes galėtume išpjauti. Kadangi stiklo pjovimo technologija riboja išpjovimo dydį, būtina konsultuotis. Taip pat, jei norite, kad medalis būtų pagamintas nestandartinės formos, apie tai reikėtų pagalvoti iš anksto, nes stiklų pagaminimas užtrunka ilgiau. Tačiau mes visada greitai pritaikysime Jums mūsų siūlomas standartinės formas.
